

GROUP SEARCH KIT W/RETRACTABLE SEARCH LINES

- Systematic Search System
- Reduces Duplication of Search
- Keeps Search Crew Together
- Maintains A Means of Egress
- Secondary Teams can follow lines to assist
- Marker System Provides Orientation
- Rings and Knots Every 20'
- Provides Tag Line Operation
- Ideal For Large Structure Search

**** MARKER SYSTEM:** We are the only manufacturer using the Marker System. The knots assure team members of distance away from exit point, while the rings keep the team attached to the primary line. Rings are spaced every 20' while knots are tied for every twenty feet. 1 knot = 20 feet; 2 knots = 40 feet etc. Knots lead into the fire, rings lead out of danger.
